Folks,

The date for sending your comments on the San Jacinto Feasibility Study is extended to 11/15/2013. Several of you have already sent in your comments; but have also asked that the TCRA cap assessment (being done by the US Corps of Engineers), be sent to the reviewers so that its conclusions can be used to inform the comments on the FS Report. The Corps cap assessment is expected to be completed by the end of next week, and will be sent to you at that time. The extension will allow the completion of you comments in light of the Corps' findings; or, if you have already sent me your comments, then you may wish to add to or modify your comments. Thanks for your cooperation on the site, and please let me know if you have any questions on this.

Regards,

Gary Miller

Folks,

The draft Feasibility Study for San Jacinto was just posted. I would appreciate you review/comment on this by 10/11/2013 so we can discuss any remaining issues prior to sending the final comments to the PRP group.

Thanks,

Gary Miller

Subject: Draft SJRWP FS posted

Hi Gary,

On behalf of International Paper Company and McGinnes Industrial Maintenance Corporation, this email is to notify you that we have uploaded to Integral's Wiki Site the draft Feasibility Study (FS) for the San Jacinto River Waste Pits (SJRWP) Superfund Site. Please go to the folder that is titled "SJRWP Site - Working Documents" then folder "Draft Feasibility Study Report" then the "Draft Feasibility Study Report Appendices A – C".

Hard copies are being sent via Federal Express for delivery Tuesday. Please forward to agency personnel as appropriate.

Thank you and have a nice holiday.

John P. Laplante, PE
